STAFF'S ANSWER TO THE PETITION

Now comes the Staff of the Illinois Commerce Commission (Staff) and in support of its answer to McLean County's Petition for Approval of Modification of an Enhanced 9-1-1 Emergency Telephone Number System, which states the following:

1. McLean County was granted authority to operate an enhanced 9-1-1 system in ICC Docket 01-0687, but is now requesting a change in the design of its 9-1-1 system.
2. Currently, the McLean County 9-1-1 system operates only one primary PSAP named Metcom and the Normal Police Department operates as the back-up PSAP. This petition is requesting to make the Bloomington Police Department its own primary PSAP whereby they would be responsible for answering and dispatching all of the city's 9-1-1 calls. The Metcom PSAP would be responsible for handling all other 9-1-1 calls for the county. Furthermore, the Bloomington Police Department would also become the new back-up PSAP taking the place of the Normal Police Department.
3. McLean County has entered into an intergovernmental agreement with the Village of Bloomington for these services.

4. Staff has thoroughly reviewed the McLean County petition to modify its original application and supports the petitioner's request for modification. In addition, Staff would support waiving a hearing in this docket.

Respectfully Submitted,

Marci Schroll, 9-1-1 Program Manager
